INTRODUCTION

To the Residents of the

GATEWAY BRADDOCK

COMMUNITY CORRECTIONS CENTER

Welcome to the Gateway Braddock Community Corrections Center program. You have been granted the privilege and opportunity to become a responsible member of the community. Few offenders are selected to participate in community-based programs, so use this opportunity wisely.

Gateway Braddock is designed to assist you with your reintegration back into the community, while residing in a safe, secure and structured environment. Each resident is expected to fully participate in the program and behave in a responsible manner at all times. Your time in this facility affords you the opportunity to obtain employment and gradually reacquaint yourself with your family and the community, while making positive, constructive changes in your life.

Gateway Braddock is a community corrections program dedicated to helping people who are addicted to alcohol, drugs, and a criminal lifestyle. At Gateway Braddock the staff and residents work together toward gaining knowledge about addiction and criminal behavior and the power to change its self destructive course. We are glad you have come to Gateway. We believe that this program will provide you with the education, insight, skills, practice, and experience you will need to maintain a chemical and crime-free lifestyle.

The opportunity to undertake this task at the present time is only available if you follow the Center rules and behave in a responsible manner. Individuals who do not comply will be removed from the program. It is our obligation to protect the community and to be here for other individuals who may need this opportunity in the future.

II PROGRAM OVERVIEW

In order to have a successful stay, it is necessary to have a clear understanding of what is expected of all residents in this Center.

The following rules and guidelines govern each resident's stay in the facility. Adherence is necessary for continued participation. Failure to abide by the rules and regulations and the program established by the resident and his case manager will result in disciplinary action. It could also lead to a return to a secure institution.

The Handbook is a highly condensed version of responsibilities that a resident must learn and accept for a successful future within the community. Although condensed they are BASIC GUIDELINES and do not contain rules and regulations for each and every specific incident.

It is your responsibility to read and know all the rules and regulations contained in this handbook, in addition to those posted throughout the facility. If you have questions or do not understand what is expected of you, ask a staff member. This will assist you in avoiding mistakes.

The facility's business telephone number may be given to family members to use in case of an emergency only. It should also be given to your employer, therapist, doctor and your children's school. If you are expecting a business call, make yourself available to staff. If the call involves an emergency situation, the staff will seek the resident out. However, if the call is not an emergency, a message will be taken. VI PROGRAM INFORMATION

Orientation Period

You will undergo a one-week orientation period upon your entrance into the Center program. A vast amount of information will be covered so **LISTEN CAREFULLY, READ YOUR HANDBOOK** and **ASK QUESTIONS**.

It is your responsibility to clearly understand what is expected of you during your participation in this program and to ask a staff member to clarify items that you do not understand. You will need to thoroughly read your handbook, **more than once**, to fully grasp the program. The first week you are here is the time to do this, so that you can avoid unnecessary mistakes when you venture out of the Center. Staff members are available twenty-four hours a day to answer questions. We would rather have you ask us the questions, than do it wrong and learn the hard way. **DO NOT FORGET TO REFER TO YOUR HANDBOOK DURING YOUR STAY IN THE CENTER SO THAT YOU MAY REFRESH YOUR MEMORY AS TO WHAT IS EXPECTED OF YOU.**

On day one, you will be issued a handbook, assigned a room, given a tour of the Center and an overview of the program rules and regulations. All the necessary agreement forms will be signed and completed. Meal periods, mail privileges, telephone usage, signing in and out procedures, etc. will be reviewed with you by the Monitor completing your initial orientation.

Your assigned case manager will meet with you if you arrive during their scheduled hours. If you arrive later they will meet with you the following day. You will be permitted to leave the facility on the day after your Orientation group.

This would be a good time to start developing your resume and plan how you intend to spend your time in the program.

You should be available for your case manager to meet with you to develop your program COR plan and assist in your initial adjustment to the program. Staff may ask you to perform tasks around the Center. This is a great time to prepare you for employment, get acquainted with staff and read the handbook. REMEMBER to have your "Get Acquainted List" signed by each individual.

On Sunday, you may attend a religious service at the Salvation Army (10:30 AM-1 PM).

Weekly Group Meeting

Each Case Manager holds a weekly group counseling session once a week. These sessions are always held in the evenings but on separate days. You are required to attend and participate in at least one of these sessions each week, preferably your Case manager's session. *If you cannot attend one of the group sessions, then you must arrange a second individual session with your case manager.* **Attendance is mandatory despite your phase level and work WILL NOT always be an acceptable excuse.**

Counseling

Your assigned case manager who is established upon your entrance into the program has the responsibility of preparing your COR Prescriptive Program Plan with your assistance. The Plan is a document used to establish specific and measurable goals for you while you are in the Center. A periodic review of your Plan will be made to determine how well you are meeting the goals initially established. The monthly review will also provide the opportunity for you and your case manager to modify the plan by adding or deleting goals as your needs and accomplishments change. This Prescriptive Program Plan will detail your progress throughout your participation in the Center program.

Information shared in the course of counseling may ' be incorporated into parole summaries, correspondence with the court, information sharing within the Criminal Justice System, and other documentation. Counselors exercise discretion with regard to information that is of a personal and sensitive nature. At no time, however, will information be held in confidence that poses a threat to facility security or is a clear violation of facility rules, Correctional regulations, or State, Federal, or local laws.

You must sign a "Release of Information" form, giving permission for certain information to be shared with outside agencies.

Throughout your residency at the facility, you are required to meet with your assigned Case Manager on a weekly basis. It is the resident's responsibility to sign-up for a scheduled 1:1 session weekly. Case Managers' available schedule will be posted on their office door weekly.

NA/AA Meetings: Each resident is required to attend at least two 12-step or other alternative self-help groups per week. A list of local NA/AA meetings is available on the resident bulletin board. In order to receive credit for

attending a meeting and to be in compliance with proper destination procedures you must inform staff of your destination before and after attending the meeting. It is required to bring verification of 12-step meeting attendance to your weekly 1:1 session with your Case Manager. **Remember that NA and AA are programs to assist YOU in staying sober not just a way to comply!** All NA/AA Meetings must be scheduled when you complete your weekly schedule.

Release /Discharge

Before a resident can officially sign his release/discharge papers, he must complete the following procedures at the Center:

- A. Show evidence of Program completion by having employment, a home plan, satisfactory social adjustment, and not be on any current restriction.
- B. Monies borrowed from the emergency fund must be paid prior to discharge.
- C. You must submit a final budget sheet in order to receive the balance in your account, minus any monies owed for rent, court costs, and monies borrowed from the emergency fund.
- D. Turn in all linen, bedding, handbook, and other Center items to the Monitor on duty. Linens must be clean, *dry* and neatly folded. Payment will be made for any items that have not been returned or that are returned in unsatisfactory or abused condition. The Monitor and Resident shall then sign the Discharge Form indicating that all items have been returned or paid for.

Support Services

Residents have numerous community resources available to assist them in the reintegration process. A brief list of services that can be utilized in the community is noted in this Handbook. **Remember that utilizing these programs can be your key to a complete and successful recovery.**

Residents who perform community service work at the local food banks are not permitted to obtain items, food or otherwise, from these organizations.
